

## KAMEHAMEHA TRACK TEAM WILL GO TO KAUAI FOR MEET JULY 4

Youngsters Training Hard for Big Event on Garden Island—Kauai Athletic Club Ready to Enter A. A. U. and Records Will Be Counted.

The Kamehameha track team will journey to Kauai this summer to compete with teams of the Kauai Athletic Association in the track and field meet which will be held at Lihue Park on July 4. The boys are all anxious over the trip and are practicing hard out at the school. Only part of the team will go, as many have not the time to make the trip.

There will be twelve members on the track team, out of which number a baseball team will be made up to try conclusions with some of the teams there.

Among those turning out daily is G. Manoha, who made a good showing in the triangular meet in March. C. Hosen and A. Alan are training for the sprints also. Harold Godfrey, who has charge of the team, is confident that Manoha will hold his own in the sprints, although there are many good sprinters on Kauai. G. Benjamin will cover the mile, and he is a game runner. In the field events W. Kamatopili, E. Noah and A. Kalaniala will be strong.

The Kam team will leave here on June 29 and return on July 6. While on the Garden Island the team will be under the care of the Kauai Athletic Association.

Many valuable prizes have been put up by the good sports of the island, and the boys from the school are out to win. Bill Rice may accompany the Kam team on the trip. On all the plantations of Kauai the boys are out every evening after work, training for the coming meet.

As steps have been taken for the Kauai Athletic Association to join the A. A. U., the records of the races will probably stand. Among the star athletes who will compete on the Kauai team is J. K. Hopper, a good broad and high jumper. J. Pasoth, who cleared 5 ft. 6 in. in the high jump at the Boys' Field in the interscholastic meet, will compete for the Makaweli team. G. Akana is a sprinter from Kilauea who is said to finish the hundred yards in 19.1-5 seconds and will be a hard one to beat in the dashes. The Kam team is taking things seriously, and the boys are working hard in order to be in the best of trim for the meet.

Those who have signed up for the team are as follows: H. Godfrey (captain), W. Kamatopili, E. Noah, A. Alan, B. Pahi, J. Kauli, G. Kamohi, W. Walealea, C. Hosen, G. Manoha, A. Kalaniala and Bill Rice.

## HILO SPORTS WATCH BOUTS

Big Crowd Sees Matches at Armory—San Francisco Lad a Surprise.

(Special Bulletin Correspondence.) HILO, June 13.—The boxing bouts which took place on Saturday night at the Armory were unusually interesting and were attended by the largest crowd which has been present at an exhibition of this kind for many months. The main event went the limit and resulted in a decision for George Ingle of San Francisco over Ben De Mello, the local man. The decision was the only one which could have been rendered, as Ingle, who was twenty pounds lighter than the Portuguese, landed ten clean blows to his opponent's one and had the best of the scrap from start to finish.

The bout was a peculiar one. From the start to the end Ingle adopted the same tactics. He would walk straight into De Mello, his left shoulder thrown so high as to completely cover that side of his face. Both gloves added to this protection and never left the vicinity of his head, except to whip out in a blow which always landed clean. He used his elbows and arms for body protection in such a manner as to leave only his kidneys exposed to attack, and half of De Mello's blows in that location were blocked by good elbow work. Ingle would walk up so close to his opponent that the latter would have to shove him away. De Mello would rain blows on his gloves and elbows, without one hitting the mark, and suddenly the little fellow would whip over a left hook, followed by a right cross, both landing easily. There were not more than two or three clinches in the entire bout, which lasted ten rounds, and in those Ingle came out on top. His work was clean and fast, and while he is not gifted with a very heavy blow, with a man of his own weight there would have been another story to tell. De Mello was cautioned several times for fouling, becoming angry and butting, when he found he could not get through the guard of his antagonist.

**Ah Fook Wins.**  
The preliminary bouts were all interesting, though none of them went the limit, and in two cases it was a matter of lying down. The most flagrant case was in the bout between Ah Fook, the little fighting Chinaman, and Young Milne. Things went along evenly for the first round, but the hole tried to mix in the second and Ah Fook, who is the favorite of the fans in this city, gave him "wot for" in good shape. In the third round Milne tried to win on a foul by dropping before he was hit, but while Ah Fook was swinging at him, he was calculated and was not touched, and Referee Flynn promptly gave the bout to Ah Fook. It is hardly likely that Milne will appear in the ring again in this city. The fans would not stand for it, and especially since similar stories of his work have come here from Honolulu.

**Kups Beats Rickard.**  
Jack Rickard also turned his back to Kupa in the fourth round of their bout, though he had taken a severe beating before that and was practically all in. Kupa had fifteen pounds the best of the weight and much more strength, weighing over 165 to Rickard's 150. The latter was knocked down three times in the third round, but jumped to his feet each time, without waiting for the count. He came back weak in the fourth and after receiving some hard smashes went on the ropes and Flynn stopped the fight. It developed that Rickard's jaw had been broken.

The first preliminary was between a Filipino named Laja and Young Delaney, the latter being weak when Flynn stopped the bout, and while he had the Manila man practically out, was unable to finish him. The bouts, all in all, were very satisfactory to the public, and the next exhibition should bring out a still better crowd. If under the same management, Hoao, the Honolulu scrapper, has issued a challenge to Ingle, for the third of July. He is too heavy for the local man, however, and there will be nothing doing in this line, in all likelihood. A return match at either fifteen or twenty rounds is more likely.

**OAHU LEAGUE MEETING**  
The Oahu League will hold a business meeting in President Charles Chillingworth's office tomorrow evening. Among the questions to be brought up will be that of allowing the Native Sons and Japanese baseball teams to travel to Maui, where they are wanted to meet in a baseball game. A cup will be awarded the winning team by the Maui Athletic Association. The Maui people are anxious to see these two teams play, as they are the strongest combinations in the Oahu League.

## FIGHTERS READY FOR LONG BATTLE

Patsy McKenna and Kid George, the two middleweights who will battle over a fifteen-round course next Saturday night, are putting the finishing touches on their weeks of training these days, and when the two lads step into the ring, both will be ready for any pace the other wants to cut loose.

McKenna and George are both looked upon as comers in the squared circle and they take to training nicely. That they are in fine condition was shown last Monday in the race against Soldier King, and all they need is a little sparring to keep their scrapping eyes in condition and their muscles loosened up.

The fans are taking a lot of interest in the battle. It has been many months since any two men so clever and evenly matched have been pitted against each other here, and hundreds of fight

fans who have not attended the bouts lately are making their preparations to attend Saturday night.

Dick Sullivan, the popular sport who is promoting the fight, has lined up Kradalaka and Williams in the opening bout, and these boys will step fast enough to get the fans' appetite whetted up for the big go that will furnish the main part of the evening's excitement.

Good crowds watch the fighters at their training quarters each day. McKenna is working out at Fort Shafter and George at the Park Theater, and their daily training stunts show that both are in trim for a long set-to Saturday night. The local critics will be surprised if the battle is ended under ten rounds, and some of the wise ones look for both men to be on their feet at the end of the fifteenth round, barring accidents.

Patsy McKenna, the clever middleweight, who will meet Kid George next Saturday night, is "no slouch of a runner," as Mark Twain would say. McKenna loped along for two and a half miles against Soldier King last Monday and finished still on his toes, and with those long legs moving as if they were good for a few miles more. If he can fight as strongly, he ought to make the stockier George jump himself.

Mike Donlin, a famous New York centerfielder, quit baseball two years ago and went on the stage with his wife, Mabel Hite. After the public forgot what a good ball player Mike had been, it began to see what a punk actor he was, and for the last year he has been trying to get reinstated. The National commission reinstated him a few days ago.

There was a baseball game played at Fort Shafter yesterday afternoon between Companies H and E, in which the former won 9 to 5. Baseball is going some at the fort. Teams are out every day.

Investigation has shown that New York churches are lamentably lacking in fire-appliances.

## OLD HANDBALL TROPHY TO GO

July Tournament to Decide Last Championship of Three-Wall Court.

The last of many championship handball tournaments, in the old Y. M. C. A. building will start early next month, and after it is concluded the trophy cup that goes with the annual championship will be retired from active service and the handball players will go into the new building with a clean slate and an entirely new lineup. The reason for this is that over in the new building the court is a four-wall one, whereas in the old building it is a three-wall court. The Y. M. C. A. authorities believe that there will be such a difference in the game on the two courts that the trophy won on the old court would not necessarily stand for a championship title in the new building.

Three men now have a "leg" each on the cup; that is, each has won it once. If it is won twice by any one player, he gets permanent possession of the prize. Dr. Hand believes that one of the three men is pretty likely to repeat past performances, but if none does, and some player who has not figured before comes along and cops the title, the cup will be retired and placed in the list of trophies of the Y. M. C. A., and a new trophy offered for the championship matches on the new court. It is expected that the building will be finished and furnished in September and the opening may be held on September 25. The contractors are far ahead of schedule.

## NATIVE SONS GET TWO MORE CRACKS

E. Noah, the crack shortstop on the Kamehameha team, has signed up with the Hawaiians and turned out for practice Saturday afternoon. Noah is expected to play in the next game, J. Milika, another Kam boy, will be in the box Sunday for the Hawaii team.

In a game of baseball in the Plantation League last Sunday, the Waiakae trimmed the Ewa bunch by the score of 9 to 4. It was a good game and many spectators were on hand to watch the match.

The Min Lum junior school team defeated the Wah Mun Juniors by a score of 7 to 4 Sunday morning at Aala Park. This gives them the championship. The line-up was as follows:

Next Sunday morning the Oahu Junior series will be continued, when the Palamas meet the Muhoeks in the first game and Aala will play the C. A. U. team in the second game.

Martin Sheridan hung up a new world's record for the discus a week ago, hurling it a few inches over 141 feet, and breaking his own mark made a year ago.

The P. A. C. and J. A. C. will meet in the first game Sunday, and the Hawaiians and Stars will play the second game. Both games should be close.
